15 July 2013

MEMORANDUM FOR ALL STATE AND TERRITORY USPFOs and DCSLOGs

SUBJECT: Procedures for stocks in ARNG Supply Support Supply Activities (SSAs) coded Ownership/Purpose Code-9 (OPC-9) and /or Project Code DEK

1. The Global Combat Support System-Army (GCSS-Army) is currently being fielded to all Active Army National Guard Units and is replacing the Standard Army Retail Supply System (SARSS-1).
2. The GCSS-Army warehouse setup for the ARNG type warehouses will currently not allow stocks that are coded OPC-9 to be stocked in our ARNG GCSS-Army warehouse. Only Army Working Capital Fund (AWCF) items can be stocked in our ARNG GCSS-Army warehouses.
3. All Army National Guard SSAs with OPC-9 stocks will transfer them from the stock record account in SARSS to a property book account in PBUSE. NGB recommends the use of the JFHQ or "Troop Command" property books, but ultimately, the selection is up to the USPFO/DCSLOG in each state. PBO's may use Joint Operational Stock, Property Book Identification Code (PBIC) "F" or PBIC "J".
4. Technical questions pertaining to SARSS-1 operations is Mr. Mark Foster, SARSS-1 Subject Matter Expert (SME), Comm. (919) 664-6211, Email: mark.e.foster.ctr@mail.mil.
5. Technical questions pertaining to PBUSE is Mr. Donald Marshalek DSN 327-7935, Comm. 703-601-7935, Email: donald.c.marshalek.ctr@mail.mil.
6. The point of contact is Mr. Michael Martinez DSN 327-7443, Comm. 703-607-7443, Email: michael.p.martinez2.civ@mail.mil.
